SUMMARY

Senior Frontend Engineer with 4+ years delivering responsive, high-performance UI using React, TypeScript, JavaScript, HTML, and CSS. Proven track record of turning Figma designs into pixel-perfect interfaces and driving measurable business impact, such as a $1.2M ARR uplift. Experienced in building accessible, design-system components and mentoring engineering teams. Passionate about leveraging AI-assisted workflows to accelerate development.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript
Web Development: React, HTML, CSS, Next.js, Redux, Webpack, Node.js, Express.js
Tooling: Git, Docker, MCP, Figma

EXPERIENCE

Senior Software Engineer

Project44 | *Bangalore, India* | *Oct 2023 – Present*

- Turned Figma designs into a pixel-perfect, responsive split-shipment tree view using React and TypeScript, delivering a $1.2M ARR uplift.
- Led the migration of a legacy Last Mile application to a modern React/TypeScript stack, rewriting the entire UI and rolling it out to 100% of customers with zero disruption.
- Built and contributed to an accessible React Aria design system with reusable components, supporting WCAG compliance across multiple micro-frontends.
- Extended Figma's MCP design-to-code integration, establishing code conventions and reducing design-to-code handoff time for frontend teams.
- Implemented a bulk carrier CSV upload feature handling up to 10,000 shipments, adding client-side parsing and inline error feedback, which reduced churn by 1.5%.
- Consolidated per-page Mapbox instances into a single shared map component, cutting Mapbox costs.
- Mentored junior engineers, guiding feature ownership and architectural decisions through RFCs, raising the team's frontend technical standards.

Software Engineer 2

Practo | *Bangalore, India* | *Aug 2021 – Sep 2023*

- Built responsive UI components for adaptive video streaming and image stories, increasing conversion by 18%.
- Optimized Core Web Vitals (LCP, TTI) for the Care product, boosting lead generation by 22%.
- Collaborated on designing and building the Unified Health Interface (UHI), delivering a seamless end-to-end health service experience.

EDUCATION

B.E. Computer Science

Bangalore University | Bangalore, India | Aug 2017 – Jul 2021
